## **Mylan Sofa & Ottoman** *Sofa: 96”w x 38”d x 26”h* *Ottoman: 25”w x 25”d x 26”h*

---

### **DESCRIPTION:**

Mylan collection boasts a sleek, modern design that effortlessly blends Art Deco and Japandi influences. The sofa features arched arms with intricate wood and leather (upcycled) insets that pay homage to the bold geometric shapes and glamorous finishes of the Art Deco era. Meanwhile, the sofa’s overall aesthetic is softened by its clean lines and minimalistic silhouette, which draws inspiration from the calming simplicity of Japandi interiors.

The sofa’s base is a beautiful round-edged wood platform that anchors the piece and adds a touch of warmth and natural texture to the overall design. The upholstery is shown in a soft, neutral fabric that enhances the sofa’s contemporary yet inviting feel. Perfect for any modern living space, this sleeve-fit sofa exudes sophistication and style while also being comfortable and functional. It’s an ideal piece for those who appreciate the beauty of design and value both form and function in their furniture choices.

The Mylan Ottoman’s unique egg-shaped design is both stylish and functional. The ottoman is suspended by four soft-rounded wood legs, which add a touch of warmth and natural texture to the overall design. The legs are adorned with leather inset with hand-sewn details.

---

**NOTE:** The leather on each arm cap has been upcycled from unused leather in our atelier, and is hand sewn and applied to the sofa just like a couture handbag. When ordering, let’s discuss your color scheme and we will try to match an in-house leather piece to your decor story.

## **Hela Swivel Chair** *36”w x 41”d x 33”h*

---

### **DESCRIPTION:**

The perfect accent swivel chair, Hela is designed as a companion piece for the new Freya or Embrace collections. Hela is intended to capture the feeling of a long-awaited embrace after a fortnight’s journey. The Hela chair features soft cascading, rounded and sheltering arms with a double-stacked seat design for added interest. Hela can be ordered as a stationary or swivel chair.

To achieve this soft look, only certain fabrics will work. Fabrics such as boucles, furs or high-pile chenilles are the best to envelope extra fabric that needed to upholster around curves. Any other fabric will not yield a desirable look.

## **Boxx 18” Ottoman** *18”w x 18”d x 18”h*

---

### **DESCRIPTION:**

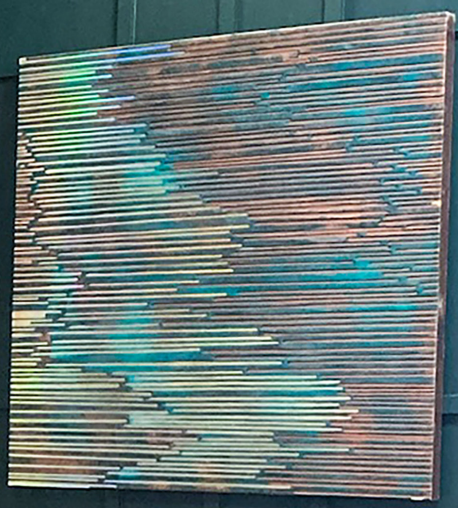

The Boxx ottomans are made to add a bit of playfulness to the space. Select three or four together and you have extra seating or a fun makeshift table. Nathan Anthony’s Boxx ottomans are easy to pair with many styles of case goods, lighting and accessories.
